GTX Corporation Announces 20th Anniversary

Scottsdale, Arizona – March 30, 2004 - GTX[®] Corporation, the leader in providing *Intelligent Paper to CAD Solutions*[®] in raster editing and conversion software and intelligent digital imaging solutions, announces its twentieth anniversary this year. GTX is a privately-held corporation, with headquarters located at 15333 North Pima Road, Suite 105, Scottsdale, Arizona, 85260. To support its global network of partners, distributors and resellers, it also has offices in Tokyo, Japan, Taipei, Taiwan and has a wholly-owned subsidiary, GTX –Europe, Ltd. located in Basingstoke, England. GTX Corporation sells its products through a network of authorized distributors and resellers throughout the Americas, Europe, Asia, the Pacific Rim, the Middle East and Africa. The Company also licenses its technology to third-party CAD vendors for integration and sale under their own private label.

Dr. Marvin T. Ling, President & CEO, founded the company in 1984, to bridge the gap between paper engineering drawings and electronic format (CAD) and to solve the time-consuming problems of storing, retrieving and editing paper drawings. The business expanded to also provide digital imaging solutions allowing users to have an automated cleanup and editing process.

“I am very pleased to celebrate twenty years in business and I would like to take this opportunity to personally thank all of the people who have helped make GTX an international world leader in imaging technology,” stated Dr. Marvin T. Ling, President and CEO. “At GTX Corporation, we have been extremely fortunate to forge strong business and personal bonds with our partners, and together, we have built a successful dealer network that truly spans the globe. We are equally appreciative of our customers, who over the years believe in our solutions and whose feedback and ideas help our products continually evolve into technologically advanced solutions.”

GTX CORPORATION IS A PRIVATELY OWNED COMPANY THAT DEVELOPS SOPHISTICATED APPLICATION SOFTWARE INCORPORATING ARTIFICIAL INTELLIGENCE FOR THE EDITING AND CONVERSION OF SCANNED DRAWINGS AND MAPS. THE COMPANY WAS FOUNDED IN 1984 BY DR. MARVIN T. LING AND HAS OFFICES LOCATED IN THE UNITED STATES, EUROPE AND ASIA.
